Laura Davis

Interim Co-Executive Director as of 05/01/25

Laura is a dedicated professional and family-oriented individual. As the Co-Interim Executive Director and in charge of the Business Development for CPT Institute, she has over five years of experience in the Special Needs Trust Administration field and a passion for helping the disabled community prosper. Her goals are to continue education in Special Needs Trust Administration, obtain Masters in Business Administration and contribute her knowledge and experience into helping CPT Institute grow.

With more than 20 years in finance, Laura has helped multi-million-dollar companies streamline budgets, set goals, and optimize expenses. She has owned and operated her own business but has shifted her focus from profit-driven work to non-profit efforts to align with her personal values and life goals.

An adventurous spirit, Laura enjoys traveling, riding her Harley Davidson, and meeting new people. Her dream is to spend a week in a beach hut in Cabo eating her favorite food, seafood. She enjoys planning fundraising events and watching documentaries. Guided by the philosophy of living each day to the fullest, Laura aims to leave a meaningful impact on the world.
